

ALL URETHANE

PURGER II - solid cast

2-24" (51-610mm)

The Apache Purger II is lightweight and easy to handle. The one-piece molded design has multiple seals for use in batching, cleaning or displacement applications. The solid all-urethane construction eliminates the anxiety of possible loss of parts commonly experienced with metal pigs. Both the leading and trailing flexible cups can pass up to 20% reductions in pipe.
